

# Singtel CIS - Getting started with iPad for educators

Apple creates products designed to inspire the minds of teachers and students.

Join us for a series of virtual professional learning workshops conducted by Apple Professional Learning Partners who will introduce the use of iPad for teaching and learning.

Designed by these professional learning partners, the workshop consists of four topics with hands-on activities where educators will learn how to use multiple tools to connect, engage, and instruct learners in new content.

**Reserve your seat today!**

Topic	Dates
Be productive with iPad	13 Aug, 3 – 4pm 19 Aug, 3 – 4pm
Make learning visible on iPad	18 Aug, 3 – 4pm 20 Aug, 3 – 4pm
Research made easy on iPad	25 Aug, 3 – 4pm 27 Aug, 3 – 4pm
Make creative projects on iPad	1 Sep, 3 – 4pm 2 Sep, 3 – 4pm

Participants should have with them an iPad 6th Generation and up (running on iPadOS 13.4 or newer) with an Apple Pencil. If you do not have an iPad, an iPad can be loaned for the duration of your workshop. Please indicate if you require an iPad during registration.

Registration and iPads on loan are subject to availability, on a first come first served basis.

Singtel CIS deals for MOE educators. Looking for a new device? Extra \$100 off phones and iPads here [www.singtel.com/cis-moe](http://www.singtel.com/cis-moe).
