Value for money plan especially with CIS. The app is easy to use with all the additional cost and options clearly stated.

I just switched over from Starhub as my company has a CIS promo code with them. The entire process has been painless and smooth flowing. My number ported over with no problems and I received my new SIM card the same day I switched over. The numerous updates provided assured me that I would face no disruptions in service. Just got off the chat with customer service about some questions and they answered all of them to my utmost satisfaction. The customer service is top-notch and call service has been excellent so far. I even got a Free Unlimited Data Add-on as a surprise bonus.

# FAQs

## I'm already a Circles.Lifer. Can I still get CIS benefits?

We're sad to say that only customers signing up for a new mobile plan with us (both new and transferring numbers) can reap these benefits.

The silver lining: as a Circles.Lifer, you can spread the joy by sharing your company's benefits with friends and family! Slip us your corporate email [here](#) for a code usable for 5 times.

## I got an email about a CIS plan for my company but I'm already a Circles.Lifer – now what?

Big congratulations and thanks are in order! If you've been part of the Circles.Life fam for over a year, we want to reward your loyalty with benefits. So fill out [this form](#), check out the details there, and the upgrades that await.

## Will the CIS benefits tie me down to a contract?

No contracts ever. Nada. Zilch. Every Circles.Life customer, regardless of whether they're subscribed to a CIS program or not, benefits from the best no-contract plan in Singapore. No exceptions.

## Can my friends and family enjoy my CIS benefits?

They 100% can! Please, tell them to help themselves to your CIS code (valid for up to 5 uses).

## How long is my personal CIS code valid for?

Forever. Simple as that. Our offers change every month so keep a lookout for those.

## How does the CIS promo code work?

After entering your corporate email on [our website](#), we will send you a personal promo code. That's your ticket to the CIS plan perks – just enter it during checkout.

## What are the payment methods for my Circles.Life CIS plan?

We support credit/debit cards only. Payment is automatically deducted from the card used when you initially signed up so it's fire and forget – so long as the card is valid and has sufficient balance.

## Alright, then what about delivery?

SIM card delivery starts from \$2, going up to \$6. It's FOC if you choose self-collection from your nearest post office (wink wink.)

## I travel for work. Does the CIS Plan come with roaming/IDD?

Luckily for you, we've got you covered (almost) wherever you go. With our Super Roam as well as Roam Boost A and B, you're set to explore over 15 countries from \$8/mo. We've got a little something for **IDD calls** too.

The best part? You can easily toggle them on the Circles.Life app anytime, anywhere. For the true nomads, our **pay-as-you-go roaming** keeps you connected in over 177 countries.

## You got me with the \$150 Cashback. Now how do I get it?

Simply purchase a CIS Combo plan (SIM + phone) now, easy as that. The \$150 Cashback will be given via bill waivers of \$6.00/mo over 25 months.

## I'm currently on a prepaid plan. Am I still good for the CIS offer?

CIS plans are only post-paid, so just request your current service provider to convert your plan to a post-paid one before making your purchase with us!

## What about phone warranty?

All phones sold by Circles.Life come with a manufacturer warranty. This means taking them to either Apple or Samsung.

For Apple devices, input your phone's serial number on their [Check Coverage page](#). The serial number is located in Settings > General > About.

For Samsung devices, simply bring your purchase invoice to Samsung. Do note that they only accept the purchase invoice as documentation for the warranty.
